POINTS OF PRIDE

Our school has the largest agricultural program in Louisiana, providing hands-on opportunities for students to learn about horticulture and animal science.

The last two years, our school has had the most National Merit Finalists of any traditional public school in Louisiana.

We provide a supportive environment with opportunities for every child to excel.

Our award-winning robotics team demonstrates our strong connection with the community. Business partnerships help fund competitions, and students provide demonstrations to teach others about robotics and STEM.
